### The State of New Hampshire

---

To the inhabitants of the Town of Plymouth, in the County of Grafton in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at Town Hall in said Plymouth on Tuesday, the ninth day of March next, at ten of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To see what sum of money the town will vote to raise or appropriate, in addition to that required by law, for the support and maintenance of the Free Public Library.
4. To raise such sums of money as may be necessary for the repair of highways, including town maintenance, state aid maintenance and trunk line maintenance.
5. To see what sum of money the town will vote to raise or appropriate in addition to that required by an Act of the Legislature approved Feb. 24, 1905, to be used for the permanent improvement of its main highways, such improvement to be made under the advice of the State Engineer.
6. To see what sum of money the town will vote to raise or appropriate to pay firemen.
7. To see what sum of money the town will vote to raise or appropriate for the decoration of soldiers' graves.
8. To see if the town will vote to authorize the selectmen to borrow money to pay the debts of the

town and give notes therefor, countersigned by the Town Treasurer, the said notes to be exempt from taxation.

9. To choose a Library Trustee for a term of three years.

10. To see what sum of money the town will vote to raise or appropriate to pay a band for open air concerts during the summer of 1920.

11. To see what action the town will take in regard to oiling the streets.

12. To see what sum of money the town will vote to raise for sidewalks.

13. To see what sum of money the town will raise for the repair of bridges.

14. To choose a Trustee for a term of three years to have the care of trust property.

15. To see what action the town will take in regard to purchasing a new hearse.

16. To see what action the town will take in regard to renewing or making a new contract for the lighting of the streets by electricity.

17. To see what action the town will take in regard to laying a water main to Riverside cemetery.

18. To see what action the town will take in regard to increasing the salaries of its town officers.

19. To see if the town will vote to purchase snow rollers for the outside districts.

20. To see if the town will vote to buy or build a Town Hall.

21. To see if the town will vote to reduce the salary of the Municipal Court Judge.

We have examined the foregoing account of Alvin Burleigh, Treasurer of the Library Trustees, and find the same correctly cast and properly vouched.

W. J. RANDOLPH,  
M. A. BATCHELDER,  
Auditors of Town of Plymouth.

---

The plan on which Plymouth Public Library is conducted is so much out of the ordinary course that a word of explanation is necessary to a correct understanding of the matter, and to furnish the reason why the report of the Library Trustees fails to supply some of the details called for in the standard form of report to the town which is recommended by the New Hampshire Public Library Commission.

After the town voted to establish a Public Library the Library Trustees under its authority made a contract with the Young Ladies' Library Association of Plymouth, which is still in force, under which, for a stipulated annual payment by the Trustees to the Association the latter was to furnish its Library building, furniture, fixtures, and all its books, magazines, pamphlets and pictures, provide a librarian, janitor, lights and fuel, and operate and conduct at its own expense, but under the general supervision of the Library Trustees, this Public Library.

Any surplus funds left after the above named expenditures to be used by the Association in the purchase of books to be the property of the town and a part of its Public Library. All other books for the Library to be furnished by the town.

Under the heads of RESOURCES and SERVICE the Association has made the following report to the Library Trustees for the fiscal year 1919.

#### Resources

Number of bound volumes at beginning of year	5,571
Number of bound volumes added by purchase	80
Number of bound volumes added by gift (excluding public documents)	27
Number of volumes of magazines added by binding	12
Total	5,690
Deduct number of volumes lost or discarded	10

Total number of volumes owned at end of year	5,680
Number of magazines and newspapers currently received	30

#### Service

Number of volumes of non-fiction lent	4,050
Number of volumes of fiction lent	7,683

Total circulation for current year	11,733
Number of new borrowers added during the year	369

## FIRE COMMISSIONERS' REPORT

---

### Fire Department

In the past year we have had only one bell alarm but we have had twenty-six still alarms, two of which were for brush fires out of town.

We have installed steam heat in the hose drying tower during the past year and have paid \$1950 on the notes against the Fire Department held by the bank leaving a balance of \$7000 and unless this amount is combined with the Water Department debt and bonds issued to cover the whole we recommend that the district raise \$2000 to pay on these notes in the ensuing year.

### Sewer Department

We have paid the note of \$500 against this department, which leaves the Sewer Department clear of debt. For the ensuing year we recommend that the sum of \$100 be raised for sewer maintenance and \$100 for a few improvements to avoid more costly repairs.

A statement of the expenditures of both Fire and Sewer Departments for the past year and our recommendations for the coming year follows:

### Fire Department

	1919	1920
	Actual	Estimate
Fuel	\$ 181.44	\$ 175.00
Electric current for lights and fire alarm	94.14	50.00
Telephone	6.00	10.00

Insurance	60.90	60.00
Pay of firemen	1,239.99	1,500.00
Salaries of district officers	85.00	85.00
Water for fire protection	1,500.00	1,500.00
Miscellaneous	43.30	100.00
General maintenance	155.96	150.00
Interest	447.50	385.00
New apparatus and supplies	172.82	200.00
Paid on notes	1,950.00	2,000.00
	<hr/>	<hr/>
	\$5,937.05	\$6,215.00

### Sewer Department

Maintenance	\$ 92.38	\$100.00

## WATER COMMISSIONERS' REPORT

---

The past year we have been obliged to hire \$5000 to meet outstanding bills, which at first would seem to indicate that the department is not paying its way, and a little explanation will therefore be in order.

Of this amount \$1,151.50 was paid on the electric pump, \$474 on wood which was nearly all used in 1918, \$183 for supplies for 1918 and \$68 for grading and cleaning up around the well at the Peg Mill. There was also a water bond for \$3100 which had to be met. There was also a back payment of \$100.60 on liability insurance.

We found the reservoir land with the fence practically all down and a lot of brush, which had been left for some time, scattered over the land, and it cost \$360 to clear up the land and burn the brush, and put up the fence. We also had to pay land rent to Mr. Washburn for land used since the artesian well was drilled. We also paid \$15 for digging up pipe from the artesian well to the reservoir as it was discharging oily water into the reservoir.

A six inch main and hydrant have been put on Rogers St. at a cost of \$1500. We also put in a new hydrant to replace broken one at Main and Bridge streets, also a gate, and a new hydrant on Bridge St.

Considerable difficulty and expense was experienced in locating the air leaks from the electric pump to the new well at the Peg Mill and every joint in the pipe line had to be dug up, caulked and tested to eliminate the air from the pipes.

The steam pump was sent away and thoroughly overhauled and the new parts, which were purchased in 1918, were put in and the pump put back in place.

The floor in the pump room has been cemented and a galvanized ventilator put in the roof, and the walls and ceiling covered with wall board and painted white, which has greatly improved the appearance and warmth of the building.

The commissioners received a petition from the people living near the cemetery asking for a pipe line to the cemetery. There was nearly six inch pipe enough to run the line but, as the commissioners had no legal right to proceed beyond the precinct line and there were not private subscriptions enough to carry it beyond there, the matter was dropped until the next precinct meeting.

Respectfully submitted,

EDWARD C. BROGAN,

JAMES B. CLIFFORD,

CARL A. MITCHELL,

Water Commissioners.

## WARRANT FOR PLYMOUTH SCHOOL DISTRICT ANNUAL MEETING

---

State of New Hampshire

GRAFTON ss.

To the inhabitants of the School District in the Town of Plymouth in said County of Grafton qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on Thursday, the eleventh day of March, 1920, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To choose a member of the school board for the ensuing three years.
5. To see what sums of money the district will vote to raise for the salaries of the district officers for the ensuing year and to fix the amounts of said salaries.
6. To see what alterations the district will vote to make in the report of the school board as to the amount of money required for the support of schools and the payment of statutory obligations of the district and to see what further sums of money the district will vote to raise to procure land for schoolhouse lots, and for building, repairing and maintaining schoolhouses, outbuildings, fences and grounds connected therewith, and for providing suitable furniture, apparatus, and conveniences for schools and schoolhouses, and to pay debts of the district.

7. To see if the district will vote to authorize the school board to borrow money to pay the debts of the district and give therefor notes of the district countersigned by the district treasurer.

8. To see what sums of money the district will vote to raise to cover the expense of medical inspection in the schools for the ensuing year.

9. To see what sums of money the district will vote to raise to enable the supervisory union to increase the salary of the Superintendent of Schools above that fixed by the State Board of Education as the minimum for this union and to pay other expenses of superintendence.

Given under our hands and common seal at Plymouth aforesaid this twenty-first day of February, A. D. 1920.

## REPORT OF SCHOOL BOARD

---

We are in the midst of the first year under the new educational law. It is perhaps too early to get at results as yet. Our district schools are being as well carried on as could be expected in view of the required change from a nine year to an eight year course. There will probably be many students, especially in the upper grades, who will suffer materially from the change, and perhaps some in the lower grades will be benefited. The parents and friends have shown increased interest by visiting the schools and are well able to judge for themselves as to the effect of the change. Superintendence has apparently had a beneficial effect upon the Model Schools. No change in the length of the course was required from them and some improvement has resulted from having a man in charge. In view of the fact that the Normal School Trustees contracted to "support and maintain a thoroughly efficient system of graded schools to be known as the Model Schools" in the town of Plymouth, the board is unable to see why, if a superintendent were needed to make those schools "efficient," money used to pay him is not an expense of supporting and maintaining the schools, even though it does pass through the hands of a state-wide superintendence fund in getting to the pocket of the superintendent. But the State Board of Education informs us that the Normal School funds need not be used to pay the two dollar per capita tax upon the two hundred and fifty children who attend the Model Schools but that this five hundred dollars must be paid by the town because "the per capita tax \* \* \* \* is assessed, not for the support of local schools, but for the equalization of school privileges throughout the state \* \* \* \* and is not for the support and maintenance of the model schools of Plymouth." The quotation is from the letter of the Commissioner of Education notifying us of the decision of the State Board. However the town has the consolation of knowing that it has contributed over a thousand dollars to the support of education throughout the state

and that, as usual, the Normal School reaps the benefit. The Superintendent of Schools is doing for \$2600 all or practically all the work as a teacher in the Normal School for which he received \$2000 last year and in addition is superintending our schools. One-half of the extra \$600 the state was bound to pay him under the new law in any event entirely outside of our contract. We understand that two-thirds of the \$2000 comes out of the superintendence fund of the state and the town pays \$100 of the extra \$600. As we figure it, the Normal School is getting a two thousand dollar teacher for \$867, but we have not had the benefit of Normal School training and are probably wrong.

It is perhaps unnecessary to again call attention to the continuance of high prices and the consequent decreased purchasing power of the school money. It is a fact that only about four thousand dollars of the school money now remain in the treasury. Something like six thousand dollars of teachers' salaries still remain unpaid and over a thousand dollars of interest coupons must be provided for besides numerous small expenses. The money which will probably come in from High School tuitions will not be more than enough to meet the miscellaneous expenses, so it would seem that the fiscal year will close with a deficit of about three thousand dollars. A part of this is money borrowed last year to meet deficit; a part is due to increased cost of fuel and supplies; a part to increased teachers' salaries; and a part to increased equipment and repairs in High and Model School buildings. In the High School, a new domestic arts room has been fitted up and changes made in the commercial department headquarters. Six new typewriters have been installed in the commercial department and more will be needed next year. The trend of educational demand is toward the commercial branches. Although this is the most expensive course the school offers, it must be kept up to the standard. We believe the commercial course of Plymouth High School now compares very favorably with any similar course in the state. Until this year there has been little demand for domestic arts but an interested group of freshmen is now taking the course and it will be continued if the demand for it exists. A careful examination of the

financial accounts of the district will show just what has been done and is being done for our schools.

The board has been informed by the state department that it was all wrong last year in its contention that money required by law must be used in elementary schools. It seems that this applies only to towns which raise five dollars per thousand of valuation and obtain state aid. Our town, not being entitled to any state aid at all, is granted the privilege of using its money required by law in any school the board sees fit. Our estimate for next year is made upon that understanding.

Our school requirements for the year beginning September 1, 1920, will be about as follows:

Estimated deficit—1919-20	\$ 2,500.00
Principal of bonds	4,000.00
Interest on bonds	2,250.00
Teachers' salaries	16,250.00
Janitors' salaries	1,200.00
Textbooks and supplies	1,500.00
High school equipment	500.00
Fuel	2,000.00
Repairs	500.00
Insurance	1,000.00
Per capita tax on 450 pupils	900.00
<hr/>	
Total requirements	\$32,900.00
<hr/>	
Estimated receipts to apply on above requirements	
Tuitions	\$2,500.00
Required by law (\$3.50 per \$1,000)	\$6,500.00
Per capita tax required by law	900.00
<hr/>	
Total	\$ 9,900.00
<hr/>	
Additional required	\$23,000.00

We recommend that the sum of \$23,000.00 be raised for the purposes specified in article 6 of the warrant in addition to the amount required by law and the per capita tax, with authority given to the school board to appropriate the same as above or otherwise as necessity may require.

If the district wishes to raise any money for superintendence it should be done under article 9 as the board will not feel justified next year in appropriating from school funds for this purpose.

The medical inspection law was adopted by the district two years ago but there has never been any money raised to carry it out. We cannot ask doctors to leave their practice and work for the scholars free of charge. There should be a considerable appropriation under article 8.

Respectfully submitted,

HEBER W. HULL,

WALTER M. FLINT,
